

BOULDER CIRCUS CENTER RIGGING POLICY

EFFECTIVE 9/1/04

Rigging that involves moving or installing span sets or beam clamps **MUST** have Sven present.

Rigging that involves unclipping or re-clipping your own rigging may be done for free if the hours are not otherwise scheduled.

If you have to schedule the hours to rig then they will be billed at the usual rate.

If Sven has to be present then the hours will be billed at the usual rate.

In order to clip and unclip you must be checked out on the lift.

All hang points must be on span sets or beam clamps.

Any rigging subject to twisting must have swivels.

Mandatory tri monthly visual safety inspection is required.

Mandatory annual deep-scan safety of all metal rigging.
